Flash Ad Specifications:

Please note: Flash is being phased out on most browsers so the ad may not render correctly.

Accepted Formats: Animated GIF, JPG, Gif, Flash version 10.1 or lower and Rich Media. Please note that if creative does not meet specifications, we will require a revision to be resent.

Creative Dimensions (W x H in pixels) are as follows:

- 300x250 and URL link
- 728x90 and URL link
- 640x480 and URL link (Interstitial)
- 180x150 and URL link (in-article ad)

Max File Size: 200 KB

Looping: 3 times

Frames: 4

Animation length: 15 seconds

Max FPS (frames per second): 18

Flash ads must come with a back up GIF or JPG also no larger than 36K and the clickTAG to be inserted should be as follows:

Flash clickTAG spec: You must code your clickTAG in one of the following ways. Our spec is case-sensitive and we cannot accurately track clicks if it is coded any other way. **These files MUST be saved as version 10.1 or lower.**

Please send your desired clickthrough URL separate from your Flash/SWF file.

Example: Adding a clickTAG to ActionScript 2.0

Create a button on your Flash movie and use “getURL()” to specify the clickTAG:

```
on (release) {  
getURL (_level0.clickTAG, “_blank”);  
}
```

Example: Adding a clickTAG to ActionScript 3.0

If you use the example below, change ‘Link_1’ to the instance name of your clickTAG button.

```
Link_1.addEventListener(MouseEvent.CLICK, function(event: MouseEvent): void {  
var sURL: String;  
if ((sURL = root.loaderInfo.parameters.clickTAG)) {  
navigateToURL(new URLRequest(sURL), “_blank”);  
}  
}
```

***A note about multiple URLs in FLASH ads: To track multiple clickTAGs within one banner, they must be labeled as clickTAG, clickTAG1, clickTAG2, clickTAG3, etc. The reporting from DFP on such creative will be an aggregate count of all the clicks tracked across all of the clickTAGs and cannot be broken out or reported on independently (unless you make click trackers for each).**

Standard script ad calls, iframes, internal redirects, Eye Blaster, and motif tags accepted.

LINKED URLS:

- Must link to active web page (not a video, document, or other file)
- Advert links must link to a page with content relevant to advert

- Please include the active url to which the banner is directed to with all copy

HTML5

Penton continues to support HTML5 advertising on Penton sites. Ads created in HTML5 offer the benefit of working across devices and platforms.

Advertisers are asked to submit their advertising tags or code via Penton's ad portal: <https://penton.sendmyad.com>

- File Size for HTML5 creative is increased to 200KB for Max Initial File Load
- HTML5 ads can be submitted as:
 1. 3rd party tag
 2. DoubleClick Studio creatives directly pushed to our DFP network from DC Studio
 3. DoubleClick Campaign Manager tag (DCM InRed)
 4. Self-contained HTML5 creative - in a single code snippet with all files hosted remotely
 5. Compressed (ZIPPED) file with all assets included in the zip file
- Advertiser or Creative agency will be asked to provide information on click macro implementation. Also, advertiser or agency must host all files referenced in HTML5 ad.
- Static backup image file required (JPG, GIF, PNG). Any browsers incapable of displaying HTML5 will show the backup image.
- All HTML5 code must adhere to the ad guidelines and specifications for its respective ad unit.
- HTML5 code must be submitted in accordance to the ad unit's submission lead time for proper testing and any necessary revisions.
- Penton's ad server is Google Doubleclick for Publishers (Premium).

As broad adoption is still limited, HTML5-specific ad specifications have not been finalized by the IAB. As such, Penton HTML5 specs may be updated in the future.

GENERAL TERMS & CONDITIONS:

- a. All contents of advertisements are subject to the Publisher's approval. The Publisher reserves the right to reject or cancel any advertisement, insertion order, space reservation, or position commitment (collectively, an "advertisement") at any time, if for any reason the Publisher deems it to be unacceptable. As used in these General Terms and Conditions, the term "advertiser" includes any advertiser's advertising agency, if there is one.

If in Publisher's judgment any advertisement creates the illusion of editorial matter, Publisher reserves the right to decline such advertisement and/or to place the word "Advertisement" in it.
- c. It is the advertiser's responsibility to ensure that all inserts and other advertising comply with U.S. postal regulations and other applicable Federal and State laws and regulations.
- d. Positioning of advertisements is at the Publisher's discretion, except when the advertiser requests a guaranteed advertisement placement, to which premium charges may apply.
- e. The advertiser and its agency, if there is one, each acknowledge that it is fully authorized and/or licensed to publish and assumes all liability for the entire contents of its advertisements, including without limitation: text; testimonials; representations; illustrations; maps; labels; trademark and other copyrighted or proprietary matter; and the use of the name or likeness of persons, living or dead. The agency and the advertiser, jointly and severally, will indemnify and save harmless the Publisher against all loss, liability, damage and expenses of any nature (including reasonable attorney's fees) resulting from any actions, claims or suits ("claims") resulting from advertising purchased pursuant to this rate card, including, without limitation, claims for libel, violation of rights of privacy or publicity, infliction of emotional distress, unfair competition, or copyright, trademark or other proprietary rights infringement.

- h. All insertion orders are accepted subject to the provisions of the current rate card. Conditions, including rates, are subject to change upon notice from the Publisher. Should a rate change be made, the advertiser may cancel space reserved at the time the change becomes effective without incurring short-rate charges, provided the contract rate has been earned up to the date of cancellation. Cancellation of space reservations for any other reason (in whole or part) by the advertiser will result in an adjustment of the rate (short-rate) based on the number and type of insertions placed to the cancellation date, to reflect actual space used at the earned frequency or volume rate, as of cancellation.
- i. Advertisers will be short rated, if within a 12-month (52-week) period from the date of the first insertion, they do not use the amount of space upon which their billings have been based. - j. The Publisher will not be liable under any circumstance for any costs or damages (including consequential damages) resulting from either the failure to print any advertisement or the appearance of any errors in any advertisement as published. In such case, the advertiser's sole remedy will be the right to place a "make-good" advertisement.
